## Report on World Animal Day 2023-24

### Nursery

Most children love animals and they enjoy making sounds like them or walk like them.

With respect to this 'Animal walk competition' was held on 25th October 2023 for the nursery section. Children were explained about the importance of animals and their sounds. The competition began by displaying pictures of animals on the board and asking the children to identify them. This interactive session encouraged the children to name various animals and describe their physical characteristics.

This Animal walk competition was a resounding success in our nursery class, where children had a fantastic time in the animal kingdom.

### Jr.Kg.

"Poem Recitation competition" (with costumes) on the theme - Animals was organized on 26/10/23 for Jr.Kg. students. The event aimed to enhance speaking skills , encourage and make learning engaging.

The primary objective of this activity was to focus on various aspects of language development and make children aware of music, rhyme and rhythm.

Children from Jr.kg graced the event dressed as an animal. Against the backdrop designed to complement the theme, the tiny tots not only donned their attire but also engaged in the rhythmic recitation of English rhymes. As a part of an extended activity, a quiz was conducted in the class to identify sounds of animals. They were also encouraged to categorize animals. The children participated in the quiz with interest making the learning experience both engaging and informative.

## Sr.Kg.

Story telling competition was held on 27-10-23 for the Sr.Kg. children with an aim to improve language skills, vocabulary skills, memory skills, stage confidence and to teach moral values.

Children brought creative props like trees, animal stick puppets, socks puppets etc. They presented their story in English using those props with confidence. Children got an opportunity to show their language fluency as well as other talents.
