Subject: Important Advisory for Parents: Protection of Contact Information

Dear Parents/Guardians,

Kindly be informed that our school takes the privacy and safety of our students seriously. As part of our commitment to safeguarding your child's personal information, we do not disclose student data or contact numbers to any external parties outside of necessary school operations.

We received some complaints from parents stating that some Singhania Education Society is calling them and giving some scholarship related to online education and also pretending that School has provided data to them. We state that school is not involved with any such association and no data is leaked from the School.

Thank you for your understanding and cooperation in helping us maintain a secure environment for all our students.

Yours sincerely

Sd-

Principal
