DAVA/2026-27/CIR 074

01/10/2026

Greetings Parents & Students,

For the first time, D.A.V. Public School, Airoli is proud to introduce **WORLD CYBER AWARENESS WEEK 2026**, an initiative dedicated to creating greater awareness about cybersecurity, cybercrime prevention, digital ethics, and the responsible use of technology among our students.

October is observed globally as **Cybersecurity Awareness Month**, with various national and international organisations undertaking initiatives to promote safe and responsible digital practices. Inspired by these global efforts, our school is organising **World Cyber Awareness Week 2026 from 12th October to 17th October 2026**.

The programme aims to empower students with practical knowledge of cybersecurity and responsible digital citizenship while developing their **research, communication, collaboration, critical-thinking, and problem-solving skills** through engaging academic and experiential activities.

The week will provide students with opportunities to learn, explore, collaborate, communicate, research, and solve problems through a variety of interactive and experiential activities.

Students interested in participating in the Model INTERPOL General Assembly are requested to register through the form given below:

Registration Form: <https://forms.cloud.microsoft/r/Ez9nZbWSJK>

The Last date for registration is 4th October 2026.

HIGHLIGHTS OF THE WEEK

1. Cyber Awareness Webinar - Classes VII, VIII

Interactive sessions focusing on cybersecurity, online safety, responsible digital behaviour, and awareness of emerging cyber threats.

2. Model INTERPOL General Assembly – Classes VI, VII, VIII, IX (IPDAV)

A unique experiential activity where students will take on international roles, research cybercrime-related issues, engage in discussions and negotiations, and work towards solutions to simulated international cyber incidents.

3. Cybersecurity & Awareness Quiz - Class X

An engaging quiz designed to test students' knowledge and awareness of cybersecurity and digital safety.

4. Nukkad Natak – Class VIII & IX

Students will raise awareness about cybersecurity through engaging street plays, highlighting safe and responsible digital practices.

5. Poster Making Competition – Class VI

Students engage into the world of art articulating cybersecurity measures and practices

Registration and participation details for the other competitions and activities will be communicated separately at a later date. Students are requested to await further instructions from the school.

Cybersecurity is no longer limited to technology professionals—it is an essential life skill for every digital citizen. Through this initiative, students will move beyond textbook learning and gain practical exposure to real-world cyber challenges. The Model INTERPOL General Assembly, in particular, will provide a distinctive learning experience, enabling students to understand the importance of international cooperation in combating cybercrime and protecting digital citizens.

We look forward to the enthusiastic participation of our students and the continued support of our parents in making this first-ever World Cyber Awareness Week at D.A.V. Public School, Airoli a meaningful, engaging, and memorable learning experience.

With Regards
