"Celebrate with Faith, Create with Nature, and Nurture a Greener Tomorrow!"

Dear Parents,

With the blessings of Lord Ganesha and to promote environmental awareness among our students, the school is pleased to organize a "Green Ganesh – Eco-Friendly Idol Making Workshop." for students of std 3rd to 7th.

This unique hands-on workshop will introduce students to the traditional art of creating eco-friendly Ganapati idols and as a special feature, plant seeds will be embedded inside the idol. After the Ganesh Chaturthi celebrations, the idol can be immersed in a pot or garden, where it will naturally dissolve and the seeds will germinate into a beautiful sapling symbolizing new life, sustainability, and care for our environment. This initiative aims to:

- Encourage eco-friendly celebration of festivals.
- Develop creativity and artistic skills.
- Create awareness about environmental conservation.

Workshop Registration Fee: ₹180/- per student Workshop

For - Std :3rd to 7th

Last date of registration :10th August 2026

The registration fee includes: All materials required for idol making, shadu mitti (natural clay), plant seeds, base for the idol and guidance from trained instructor.

We invite all interested students to participate in this meaningful and creative experience and become ambassadors of a Green Ganesh, Green Earth.

Parents interested in enrolling their ward are requested to complete the registration and submit the fee online, payment link given below. Seats are limited and will be allotted on a first-come, first-served basis.

Payment Link: <https://davairoli.ac.in/osm/Administrator/MiscFeeMaster>

Let us come together to celebrate Ganesh Chaturthi with devotion, creativity, and responsibility towards our environment.

With regards,

Sd/-

Principal
