

DAYANAND ANGLO VEDIC PUBLIC SCHOOL, AIROLI

Report on Earth Day (2023-24)

A clean earth is a happy earth!

Earth Day was celebrated on 21st April for the students of I to Std XII under the guidance and support of our beloved principal Ms. Suman Pradhan to demonstrate support for environmental protection under the theme 'Invest in our planet' with three pillars to act (boldly), innovate (broadly), and implement (equitably). The day aimed to raise awareness about environmental issues and promote conservation efforts to protect our planet. It reminded us of our responsibility to take care of the planet and protect it for future generations. Various activities were organised. These activities aimed at promoting environmental awareness and sustainable living among the students. The activities were specifically designed for students of different classes to cater to their interests and age groups. Students participated in the activities with enthusiasm and zeal.

Std I & Std II- Newspaper bag making

This activity helped the students to learn that paper is environmentally friendly and help reduce plastic that takes a thousand years to decompose.

Std 3 -Hanging bottle Garden (Best out of waste)

This activity helped the students to recycle plastic bottles and a great way to reuse the throwaway bottles, grow plants in limited space and also conserve the water.

Std IV-Poem Recitation

Students recited poem on the topic Earth Day to draws attention to the environment and promotes conservation and sustainability.

Std V- Graffiti Art

Creating art helped the students to feel connected to environmental topics. It was a great way to help them imagine the world they want to live in.

Std VI -Bookmark making activity

The students were encouraged to use eco-friendly materials such as recycled paper . The activity helped the learn about the importance of conserving paper and adopting sustainable practices.

Std VII- Paper bag making activity

The students learned about the harmful effects of plastic bags on the environment. The students were encouraged to use recycled paper and create attractive designs. This activity helped them understand the importance of using reusable bags and reducing plastic waste.

Std IX- Poster making on the theme of environmental conservation.

This activity helped them understand the importance of spreading awareness about environmental issues and the need for sustainable living.

Std X – Tree Plantation

Students participated in a tree plantation drive in the school premises. This activity helped them understand the importance of trees in maintaining the ecological balance and conserving the environment.

Std XII – Elocution Competition

Students participated in an elocution competition, where they delivered speeches on environmental conservation and sustainable living. The students researched and presented their ideas on the topic with passion and conviction. This activity helped them develop critical thinking skills and public speaking skills.

Overall, the Earth Day celebration in our school was a success in promoting environmental awareness and sustainable living among the students. The activities were not only informative but also engaging and fun. The students learned about the importance of environmental conservation and were inspired to make a positive impact on the environment.

The students urged everyone that to treat nature with respect and take proper steps towards its protection. Create a greener world before it becomes a fantasy for the next generation.

Happy Earth Day!
